

PROJECT WORK FOR SA-1

CONDUCTING A SURVEY

ہر طالب علم اپنے 10 خاندانوں سے ڈیٹا اکٹھا کرے گا۔

علاقہ سروے فارم ذیل میں دیا گیا ہے۔

ہر طالب علم تفصیلات کو پُر کرے گا اور اشارہ کردہ TABLE بنائے گا۔

ہر طالب علم کی طرف سے پیش کردہ جدولوں کی بنیاد پر، کلاس میں سوالات پر بحث کرے گی۔

HOUSEHOLD-1

SINO	Name of household	SEX MALE/FEMALE	Age	Marital Status (Married/Unmarried/Widowed)	Occupation	If Child (6-14 years), School Status (Never Enrolled/Attending/Dropout)	Literate/Illiterate

EXAMPLE OF PROJECT WORK

Example:

For **Household 1**, fill in the details for each member of the family:

Name	Sex (M/F)	Age	Marital Status	Literate/Illiterate	School Status (If child 6-14 years)	Occupation
Example: Rahul	M	32	Married	Literate	-	Farmer
Example: Sita	F	30	Married	Literate	-	Housewife
Example: Rani	F	10	Unmarried	Literate	Attending	Student
Example: Karan	M	8	Unmarried	Literate	Attending	Student
Example: Dadaji	M	65	Widowed	Illiterate	-	Retired

Repeat this process for **Household 2**, **Household 3**, and so on, up to **Household 10**.

After the survey:

A) Each group would construct a table to show number of people in the surveyed families:

Male	Female	Total population

(آپ کے گروپ کے لیے خواتین / مردوں کا تناسب کیا ہے؟ کیا گروپوں کے درمیان تناسب بہت مختلف ہیں؟ بحث کریں۔

B) What is the female/ male ratio for your group? Are the ratios very different among the groups? Discuss.

For all children 6-14 years			
Children	Boys	Girls	Total
At school			
Dropped out			
Never enrolled			

تمام گروپوں کے لیے مجموعی طور پر ڈراپ آؤٹ اور کبھی اندراج نہ کیے جانے والے بچوں کا فیصد کیا ہے؟ اس کی وجوہات کیا ہیں؟

20 سال سے زیادہ عمر والوں کے لیے، انھوں نے اسکول میں گزارا اوسط وقت کیا ہے؟

Occupation	No	%
Farmer		
Casual labour		
Self-employed		
Homemaker		
Regular employee		
Unemployed		
Student		
Total		

آپ اپنے نمونے میں "کام کرنے والے" اور "انحصار" والوں کو کس طرح درجہ بندی کرتے ہیں؟
